## **MESSAGE FROM THE PRINCIPAL**

Greetings! Dear Parents,

The month of November was full of Gratitude and exhilaration. It started with the Little Brooks Annual Sports Day where the kids developed a bond of sportsmanship and friendship during the different races they participated in. Children also learnt hands-on, the need to abide by the rules, team work, fair play and respect for others. At Little Brooks all the children were winners and were delighted to receive a gold medal each along with the sports certificate. It was then followed by Orange day celebrations and the month ended with our Thanksgiving party. Let's have a sneak peek, at the month gone by!

***“Thank you is the best prayer that anyone could say. Thank you expresses extreme Gratitude, Humility and Understanding.”-Alice Walker***

- 1) Start and end your day with gratitude. Be thankful for all the things you have in your life.
- 2) Always say Thank You to your child. Let your child hear you say Thank You and he/she will surely learn to say Thank You to others.
- 3) Teach your children to be thankful for all the things they have in their life. Teach them how to “earn” things they desire so that they are grateful for all that they achieve. Learn to say “No” sometimes.
- 4) Teach them about the less fortunate and help them to be compassionate towards them.
- 5) Every day make it a habit to at least have one meal with the family and let everyone share what they are “grateful” for in that particular day. It can be as simple as having good food to eat, an opportunity to go to school, having a loving family etc.
